The Benefits of Membership in the American Nuclear Society

The American Nuclear Society is committed to lead in the development, dissemination, and application of nuclear science and technology to benefit humanity. Its 11,000 members are nuclear science and technology professionals who together represent a strong, unified voice in support of the advancement of nuclear science. ANS is the credible source for professional development and knowledge exchange. As a member of the American Nuclear Society, you'll receive:

- *Nuclear News*, providing you every month with the latest worldwide developments in the nuclear field, plus exclusive interviews with the movers and shakers shaping the profession.
- *ANS News*, reporting bi-monthly on the activities of the society, including public outreach efforts, position statements, honors and awards, society governance, news about members, and technical input on national policy provided from ANS' Washington, D.C. office.
- Access to the Career Center in the members-only section of the ANS website, where open positions are posted and you can store your resume.
- Membership in at least two ANS divisions, providing you with information and networking opportunities in your areas of specialty.
- Volunteer opportunities to express your viewpoints and enhance your career.
- Representation with regulators and legislators on behalf of the nuclear community.
- Substantial savings over the nonmember registration fee at ANS meetings (the difference could pay for your membership).
- Discounts on ANS journals, books, standards, and other publications.
- Group rate insurance.
